Museum of the American Indian  
Heye Foundation  
New York City

Gentlemen:

The other day I showed you a brass ring and at the time intimated that the owner might present it to the Museum. I am herewith turning it over. It is the gift of Mr. Frank I. Liveright, 120 West 70 Street, New York City.

This ring was found on Jacob's Island, Kiwatha Lake, near Peterborough, Ontario. A number of Indian graves are found on this island when the water is low.

Very truly yours

HW C
